

Référence : 60070

## FEATURES :

Forearm vaccum splint (trapezoidal) : 55cm x 37/23cm ; 0,45kg  
Full Arm vaccum splint (trapezoidal) : 70cm x 48/23cm ; 0,55kg  
Full Leg vaccum splint (trapezoidal) : 113cm x 66,5/28cm ; 1,4kg  
With blue bag and suction pump for splints.

## DESCRIPTION :

Manufactured of PVC, equipped with a 1/4 turn valve, removable velcro straps, they are very easy to maintain and radiotransparent.

They allow a precise immobilization of the limb thanks to their great flexibility and ease of installation.

Set of 3 vacuum splints: forearm, full arm, full leg. Transport bag and pump.
